

THE PRESIDENT'S MESSAGE

As announced in the June Issue of the Bulletin, this month's issue and the August issue are being mailed to you through the special Post Office which has been established at the Eleventh Annual Exhibition and Convention of the American Air Mail Society, which is in session today at the Royal York Hotel, Toronto. The Toronto Air Mail Club, the host on this occasion, has had splendid co-operation from the Post Office Department in the matter of this convention.

They were given permission to order the cancellation slug which was used for this mailing. The Post Office Department has a special display valued at \$25,000. Mr. T. P. Murphy, Superintendent of Equipment and Supply, is to be the guest Speaker at the International Dinner on Saturday night, the 17th. This bulletin should be in the hands of the Toronto and District Collectors in time to remind you of this dinner. I am told that the Toronto Air Mail Club have very recently been advised that the Post Office Department are going to provide a very worth while souvenir for those attending the convention.

One of these souvenirs will be reserved for each registration. It is not probable that the total registration will be equal to the number allotted to the Club, and it has been suggested that the balance, if any, be allotted to those attending the dinner, but who did not register. I would suggest to those nearby that they should let nothing stop them from hearing this guest speaker and enjoying the hospitality of the Toronto Air Mail Club.

We are much obliged to this Club for their co-operation in making this special cancellation available to you.

E. S. Ball, President.
